## Exploring Space

Vocabulary Words Included: **astronaut, spacesuit, spaceship, aliens, blast off, zoomed**

An astronaut is a brave person who explores space.

They wear a special suit called a spacesuit to protect them in space. Inside their spaceship, they travel to different planets and moons, hoping to find new things.

Sometimes, they even meet aliens, which are creatures from other worlds.

Before they leave, astronauts wait for the moment when they blast off into space.

With a roar, the rocket shoots into the sky and zooms towards the stars, leaving Earth behind.

## The Moon

Vocabulary Words Included: **astronaut, spaceship, spacesuit, aliens, zoomed, blast off**

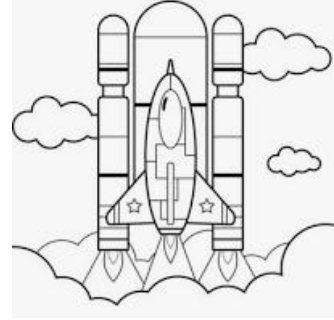

Once upon a time, there was an astronaut named Emily. She was so excited because she was going to the Moon! Emily climbed into her spaceship, put on her spacesuit, and prepared for the journey. As the spaceship zoomed into space, Emily couldn't help but feel a little scared. She had heard stories about aliens on the Moon, and she wondered if she would meet any. Finally, the spaceship reached the Moon and Emily was ready to explore. She stepped out onto the Moon's surface and looked around, but she didn't see any aliens. Just as she was about to give up, something strange happened. The spaceship began to shake and then suddenly, it blasted off back to Earth!
