### Week 3

**Read the text then answer the following questions:**

Title: The Amazing Underwater Adventure

**Vocabulary Words Included: venomous, tentacles, sting, spear, hurled, threat, prey, boastful, fierce**

Animals come in many shapes and sizes. Some animals have special features that help them survive in the wild. Take the venomous snake, for example. With its venom, it can protect itself and catch its prey. Other animals, like the jellyfish, have long tentacles that sting anything that comes too close. These tentacles are a great weapon for the jellyfish to defend itself. In the ocean, you can find the cunning octopus. It can change its color and shape to stay hidden from its enemies. When in danger, it shoots out its tentacles like a spear, hurled towards its threat. On land, there are mighty predators like the tiger. With its loud roar and sharp teeth, it can intimidate its prey. Tigers are known to be fierce hunters and they are not afraid to boast about it. Animals truly have fascinating ways to survive and thrive!

.1- Read the text and highlight the vocabulary words in the text.

2-Write the vocabulary words down

\_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_

3-write a present tense verb: \_\_\_\_\_

4-Write a noun: \_\_\_\_\_
